

Hello Everyone:

Residents of Mecosta county need your support! The Gotion battery factory is dangerous for Michigan.

No amount of money or potential jobs are worth selling American land to, and doing business with the Chinese Communist Party.

The following, along with the attached flyer was sent to me, and has been shared on social media by Mecosta county residents organizing the rally against the Gotion battery factory. Where on Wednesday April 5th, residents are being locked out of an informational meeting about this Chinese Communist Party battery factory coming to Michigan.

"🚫🚫 They can lock us out, but we will still be seen and heard! We can't go on FSU property, but we can peacefully protest on the sidewalk in front of Williams Auditorium with our NO signs! They need to listen to the people and the people say No!!🚫🚫"

Please attend if you can and encourage other members of your county and district parties to also attend. Where we will **peacefully protest on the sidewalk.**

**When:** Wednesday April 5th 6:30pm

**Where:** Ferris State University (Williams Auditorium )

**Address:** [630 S. Michigan Ave. Big Rapids, MI 49307](https://www.google.com/maps/place/630+S+Michigan+Ave,+Big+Rapids,+MI+49307)

Please bring signs with the word "NO".

If you attend it will be important for optics purposes, to stay on subject and not bring signs and paraphernalia about other critical issues to *this* protest. The more disciplined we are in our activities as party, it will increase our probability of success.

We must band together as Republicans and fight against the globalist encroachment in our state. The Chinese Communist Party is a puzzle piece in the globalist encroachment in America.

Please read the Detroit News Op-Ed from 2nd District Congressman John Moolenaar about why this Chinese Communist Party battery factory is bad for Michigan.

Thank you for all that you do for our counties and districts!

The Best is Yet to Come!

*In Liberty,*

***Kristina Karamo***
