

## St. Clair County MI Republican Party

---

# Press Release

---

**St. Clair County, MI** - On January 8, 2024 at the Leaning Tree Golf Course, Carolyn Richards, Chairwoman of the St. Clair County Republican Party (SCCGOP), delivered the organization's annual address on the visions, goals, and accomplishments of the St. Clair County Republican Party. The Chairwomen noted that since her election as Chair in January 2023, she and her executive team of officers and committee members have worked together to actualize a strategic plan for SCCGOP that includes a reorganization and alignment of the operations, ground game, and public outreach functions of SCCGOP that conforms with the adopted Bylaws.

Thereafter, within only a few months, the assessment and realignment of these foundational functions were completed, setting the stage for the next phase of growth. By March 2023, the Candidate and Election Integrity Committees were fully engaged, and shortly thereafter, the Youth, Membership, and Media Committees among others were up and running with committee chairs and members.

In August through the end of the year, a major effort was put in place to expand the Committees to include a Chapter/Grassroots Liaison Committee which included direct involvement with Referendums of Michigan, CheckMyVote.org, Right to Life, and the other 83 Michigan GOP Chapters. Along with these accomplishments, a New Member On-boarding, Donor, and "2024 Election Cycle & You" documents were developed to help communicate to St. Clair County Citizens that the St. Clair County GOP is on the move and will continue to be so throughout the 2024 election cycle and beyond.

To complete the Chairwoman's and Executive teams 2023 vision, by the end of December, three additional projects are underway that are intended to extend the power and influence of the St. Clair County Republican Party, now considered Michigan's number one GOP Chapter. These documents include an Executive Committee Governance Manual, a Citizen's Government Workshop, and a series of St. Clair County events featuring top name keynote speakers.

The Chairwoman asked its members to reach out to their family and friends to join in the St. Clair County Republican Party and become a part of this historic 2024 election experience. Memberships are as low as \$20 for those who are between 7-26, and \$25 for single members 27 and up. Family and organization memberships are also available at <http://www.SCCGOP.org> Memberships.
